*Our cover "GOAT" representatives are
Meryl Streep, Michael Jordan and Simone Biles.*

Although we are 112 years old it does not mean that we are out of touch with the times, in fact we are The "GOAT". Yes, we are the very best at what we do, we have endured and excel, we are the "Best Little Fair in Ontario." You too can be "The GOAT" by bringing your best soybean plant, calf, chicken, dove, maple syrup, photos, quilt, butter tarts or school room work to the Fair. On the third weekend in September 2025 the Acton Fall Fair will be the place to be, goats will thrive, you can express your awesomeness by enjoying the sights, sounds and flavours of the Fair – *no Kidding!!!*

See you there,

2025 ACTON FALL FAIR AMBASSADOR CONTEST!

The stage is set for the crowning of the
62nd Acton Fall Fair Ambassador

Contestants must be at least 16 years of age and live in Acton, Limehouse, Ballinafad or Rockwood areas, or attend Acton High School.

The event has undergone a lot of major changes in the past 61 years, but the idea behind Acton Fall Fair Ambassador has remained the same: an opportunity to represent Acton and the Acton Agricultural Society, to meet new people and learn about the town and yourself.

Helpful Hints for Preparing Materials

- ☼ Cut flowers and foliage the evening before the show or in the early morning.
- ☼ Flowers stay fresher and show better if there are no leaves in the container.
- ☼ Make a fresh slanting cut at the end of the stems for maximum water intake.
- ☼ Place in a wide bucket in deep warm water, preferably overnight.
- ☼ Store in a dark, humid, draft-free place.
- ☼ Some cut flowers, foliage and woody materials do not readily absorb water and require further treatment to prevent wilting. Woody branches may benefit from splitting cut ends and some need the thick outer layer removed as well.
- ☼ Some cut flowers (e.g. poppies) benefit from burning the stem ends while others benefit by placing stem ends in boiling water or from chemicals in the water. About 2 tbsp of glycerin in 4L of water, or florists crystals may be beneficial. Details are also available in flower arranging books.
- ☼ Removal of dust, stains and other foreign objects from blooms and foliage enhances the exhibit.
- ☼ Re-cut stem ends before placing in show containers.
